

PARTNER WITH PET OWNERS
IN UNDERSTANDING...

A feline osteoarthritis (OA) diagnosis & the benefits of treatment with Solensia™ (frunevetmab injection)

Guide pet owners through **THEIR CAT'S FIRST
SOLENSIA TREATMENT** to control OA pain

AHEAD OF THE APPOINTMENT

✓ **Get them ready for an OA pain treatment conversation via email**

Prepares pet owners for their cat's first treatment

✓ **Get the word out on social**

Helps familiarize pet owners with Solensia—and prompts them to ask you about it

BENEFIT:

Helps explain what Solensia is, how it works, and what to expect with treatment

AT THE APPOINTMENT

✓ **Tools you can use to guide conversation**

The Branded In-Office Brochure can support a discussion about what OA pain is and how treatment with Solensia works by helping pet owners:

- Understand an OA pain diagnosis
- Get comfortable with treatment
- Ease into the routine of monthly visits
- Agree on best method of between-visit communication

BENEFIT:

Supports cat-friendly visits by helping pet owners understand what a diagnosis means

IMPORTANT SAFETY INFORMATION: For use in cats only. Women who are pregnant, trying to conceive or breastfeeding should take extreme care to avoid self-injection. Hypersensitivity reactions, including anaphylaxis, could potentially occur with self-injection. Solensia should not be used in breeding cats or in pregnant or lactating queens. Solensia should not be administered to cats with known hypersensitivity to frunevetmab. The most common adverse events reported in a clinical study were vomiting and injection site pain. [See full Prescribing Information.](#)
