

PARTNER WITH PET OWNERS
TO ENCOURAGE USE OF...

The Cat OA Pain Checklist Quiz

BENEFIT:

Helps pet owners spot signs of OA pain in their cat's natural environment —home

Partner with pet owners to spot signs of osteoarthritis (OA) pain **AHEAD OF THE APPOINTMENT**

IT'S EASY TO GET THE WORD OUT:

Recommend it
during an appointment scheduling call

Email it
as a link or attachment to a pet owner's personal inbox

Share it
as a post on your social media pages

BENEFIT:

An easy-to-use tool that contributes to cat-friendly care by making time spent in the exam room more efficient

At the appointment:

- ✓ **Review** the results
- ✓ **Discuss** findings with pet owners
- ✓ **Use** the Checklist Poster to help you explain
- ✓ **Keep** results for future visits

IMPORTANT SAFETY INFORMATION: For use in cats only. Women who are pregnant, trying to conceive or breastfeeding should take extreme care to avoid self-injection. Hypersensitivity reactions, including anaphylaxis, could potentially occur with self-injection. Solensia should not be used in breeding cats or in pregnant or lactating queens. Solensia should not be administered to cats with known hypersensitivity to frunevetmab. The most common adverse events reported in a clinical study were vomiting and injection site pain. [See full Prescribing Information.](#)

Solensia™
(frunevetmab injection)
